Heald's Business College,

24 POST ST., SAN FRANCISCO

This school is designed to educate pupils for the practical affairs of life. It makes business education a specialty, yet its instruction is not confined to book-keeping and arithmetic merely, but gives such broad culture as the times now demand. Thorough instruction is given in all the branches of an English education, and modern languages are practically taught. The discipline of the school is excellent, and its system of **Actual Business Practice** is unsurpassed. No pupils of bad character will be admitted, and special attention will be paid to inculcating good manners and correct business habits.

LADIES' DEPARTMENT—Ladies will be admitted for instruction in all the departments of the College.

TELEGRAPHIC DEPARTMENT—This department is under the supervision of James Gamble. General Superintendent Western Union Telegraph Co. Young men and ladies are practically and thoroughly fitted for operators.

GENERAL INFORMATION.—Pupils may enter at any time, as there are no vacations, and each receives separate instruction. For further particulars call at the College, **24** Post street, or address for circulars E. P. HEALD,
President Business College, San Francisco.
